MANIFESTO

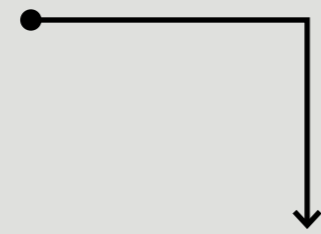

cinquanta3 nasce per rispondere alle tendenze ed esigenze del vivere contemporaneo che invita a ricercare soluzioni funzionali e flessibili, capaci di organizzare e contenere, definire e interpretare gli spazi del quotidiano. Un nuovo sistema d'arredo dove la massima libertà compositiva è garantita da ampia modularità e tonalità neutre, e la personalizzazione degli ambienti si esprime nella gamma di accessori e nella versatilità dei prodotti.

In **home spaces** gli elementi d'arredo diventano strutture architettoniche che creano nuove forme di contenimento, capaci di definire i diversi luoghi della casa e accogliere le passioni e la storia di chi li vive.

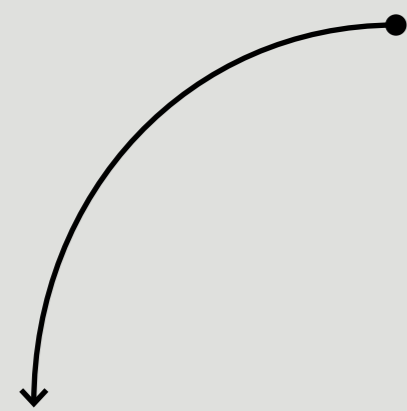

cinquanta3 was conceived as a response to contemporary lifestyle trends and demands, prompting us to find functional, flexible solutions capable of organizing and storing, defining and interpreting our everyday spaces. A new furniture system whose ultimate modular design and neutral shades ensure the utmost compositional freedom, while an extensive range of accessories and product versatility allow you to put your personal stamp on interiors.

In **home spaces**, the furniture takes on the role of architectural structures that create new forms of containment, capable of defining the home's different rooms and accommodating the occupants' passions and story.
